

Assisi Aged Care brings its payroll and HR inhouse to improve staff satisfaction, award compliance, efficiency and costs.

The management of Assisi needed to achieve improved staff scheduling, compliance, management practices and costs consistent with the requirements of a modern aged-care operation. ***“Inzenius was selected as our payroll application due to its ease-of-use, and implementation with its fully integrated HRM, Rostering and Timekeeping modules”.*** Peter Staples CEO

The management of Assisi was not satisfied with their hosted payroll. It was not efficient in its data capturing and authorizing processes of employee worked times and did not dynamically compare actual times worked to plan. Reporting was driven from the pay-run only and did not easily provide the desired information in a timely manner.

“We are now able to interrogate our employee and payroll data to provide information as and when we need it, effortlessly.”

The ability to maintain staff's work preferences and availability improves employee satisfaction and retentions in a labour complete market. ***“Staff satisfaction and work-time flexibility is a core to our staff and customer care philosophy which would not be able to***

Aged care providers are required to implement the most efficient patient care and management practices to maintain their accreditation and financial sustainability. The use of modern high value software programs like Inzenius are delivering Aged Care Service providers efficiency improvements whilst at the same time improving patient care outcomes. The key is the elimination of data entry across the business with relevant access and reporting for all needing it.

“The time to complete employee rosters, authorize times worked and payroll preparation has been reduced by over 50%. We have access to any data we like including interpreted roster costs, upfront, not just the pro-forma reports that were only available after the pay was run from our Payroll Bureau.”

It is easy to implement with the highest level of professional health worker endorsement.
