

To keep ahead of the Game Redrock Leisure implemented Inzenius to improve back office efficiency and labour costs

Redrock Leisure is a hospitality company that has a number of icon brand operations including the award winning Colonial Tramcar Restaurants, P. J O'Brien Pubs, Eureka Skydeck & Functions, Airport Food and Beverage Concessions, Restaurants including Fraser's – Kings Park and Bluewater Grill in Perth, The Pier and Rattle n Hum Grills in Cairns and Bear Brass – Southbank, Melbourne.

“We needed to find a way of managing our people across our entire distributed businesses in an efficient manner. Inzenius delivered this for us as well as the ability to better manage our labour costs in line with our budgets through its tight integration between rostering, timekeeping and payroll processing”. Paul O'Brien - Managing Director Redrock Leisure.

Inzenius is a simple to use and implement, cost effective system that assists businesses maintain the competitive edge in so many ways including: reduced overall labour cost, easy to use and time saving rostering, automated employee attendance validation to roster, robust and accurate award interpretation through to full payroll production and processing.

“The Inzenius team worked so well with our people during the entire rollout process and continue to assist us fully exploit the benefits of the system. Paul O'Brien

The integration of scheduling to payroll provides control over labour scheduling and employee attendance management leading to dramatic cost savings and payroll processing efficiencies.

“The system rocks” Rodney Joseph, Manager Redrock Melbourne Airport.
